BALE MOVERS

TECHNOBALE BALE MOVERS One of the safest, fastest and easiest ways to move round bales from the field, all that and less compaction too. Farmers indicated the need for a wagon that could handle both dry and wet bales. The Techno-Bale has been designed so that it can handle bales weighing up to 2,000 pounds safely and efficiently. Carry 8 bales on the 960 and 10 on the 980 + 1 on the loader arm.

MODELS 960 & 980 available.
