AMP SERIES PENDULUM SPREADERS

BMC pendulum spreaders are designed to accurately spread granular fertilizer and seeds. Virtually anything that will flow can be spread.

DISTRIBUTION SYSTEM

Pendulum spreaders deliver the most accurate overlapping spread pattern possible. An equal amount of material is spread on either side in a symmetrical pattern. The maximum spreading width is 46 feet. The overlapping pattern allows for more driving forgiveness. No skips or burns due to double coverage. Material is kept close to the machine and there is no overspray on to the tractor.

FEATURES

- All spreader models use the same pendulum gearbox and drive system. The only differences are in frame and hopper sizes.
- 3 base models: AIP500, AIG800 and ASG1100. All other models are made by adding bolt on extensions to the base hoppers.
- Hoppers are made of high grade pressed polyester. Critical parts are stainless steel, poly or high grade paint.
- AIG and ASG models come with quick hitch system.
- Accessories include: Hydraulic open/close (not available on AMP), agitator extension, hopper covers, and specialty spouts.

BMC free setup, freight on units under \$4,000 = \$200, units over \$4,000 = \$300

ITEMNUMBER	DESCRIPTION	WEIGHT	PRICE
AMP300	AMP Spreader - Hopper Capacity Approx. 10.6 Cubic Feet W/Poly-Ethylene Hopper	185	\$3,111.00
AMP400	AMP Spreader - Hopper Capacity Approx. 14.1 Cubic Feet W/ Poly-Ethylene Hopper	205	\$3,263.00
AMP500	AMP Spreader - Hopper Capacity Approx. 17.6 Cubic Feet W/ Poly-Ethylene Hopper	225	\$3,401.00

AMP SERIES		300	400	500
	Hopper Capacity (Cubic Feet)	10.6 CF	14.1	17.6
	Approx. Hopper Capacity (Pounds)	660 lbs.	880	1100
	Approx. Bushel Capacity	8.5	11.3	14.2
	Spreading Width	3'-46'	3'-46'	3'-46'
	Total Weight	185 lbs.	205	225

AMP series has a poly-ethylene hopper and is capable of spreading powders or granules. It's compact design and short spreading surface makes it perfect for small areas. Requires CAT I 3-point hitch, 540 RPM PTO.

****All BMC spreader capacities will vary based on product density****
