

**PULL
SAW
DIG
CARRY**

Made in the U.S.A.

“Good enough won’t do - it must be right.” - K.B. Danuser, Founder 1910

DOMINATE YOUR LAND

The Intimidator is ideal for eliminating trees, saplings, shrubs, rocks, bushes, and other obstructions on the job site or farm. The unmatched versatility of the Intimidator handles the toughest stumps, posts, rocks, fencerows, and land-clearing jobs.

- The Intimidator incorporates a tree/post puller, stump bucket, and rock picker all in one.
- Selective elimination with the ability to maneuver into tight locations and next to buildings or fences.
- Dig and cut roots using the replaceable excavator bucket teeth and vertical jaw saw teeth for large tree removal and/or stumps.
- The uniquely synchronized jaws, designed for less wear and tear on the vehicle, are actuated by a rear-mounted, fully-protected 3" diameter cylinder.
- Two jaw options available, smooth side or side saw tooth (cut off trees and aggressively excavate roots with bidirectional teeth).

AGGRESSIVE DESIGN

MOUNTING OPTIONS

- Skid-Steer Quick Attach
- Euro/Global Quick Attach
- Flat Back (for custom fabrication to fit other mount styles)

Maximum horsepower rating = 125 HP

INTIMIDATOR

PART ID 12200T shown

(Top View)

Brush guard teeth reduce movement of objects

Single 3" hydraulic cylinder and hoses are protected from limbs, debris, and other objects

Side bidirectional saw teeth provide a more aggressive design (12200T model only)

Pull posts/trees; clamp and carry various items

Cut/saw tree roots and remove stumps

Synchronized interlocking jaws with replaceable excavator bucket teeth for digging

A HISTORY OF INNOVATION

Established in 1910, DANUSER has been family owned and operated by four generations. We have manufactured auger systems since the mid-1940's. With decades of design and manufacturing experience, our machines have stood the test of time. Today our commitment to our customer remains to design and build products that are the benchmark of quality, reliability, and longevity. In the words of our founder K.B. Danuser, "Good enough won't do – it must be right."

DANUSER manufactures several attachments for various equipment, serving several industries worldwide. Please visit www.danuser.com to see our full line of attachments.

Danuser reserves the right to make changes in design, specifications, and prices without notice and without incurring any obligation relating to such changes.
